JARETT FEIN, ESQ. PRESIDENT AND FOUNDER, VANGUARD TITLE AGENCY, INC.

Jarett Fein, Esq. is the founder and president of Vanguard Title Agency, Inc., one of the fastest growing title organizations in the country.

Fein built the company from a small startup in 2002 located in the back of a friend's law firm, to a Madison Avenue company with nearly 50 employees. Today, Fein's clients include prominent developers, prestigious law firms and institutional lenders involved in national and international

transactions.

In an industry coup, Fein persuaded Joe Friedman, one of the most recognized names in the title insurance industry for the last 50 years, to join Vanguard as executive vice president and general counsel.
